Statement of commitment to child safety

Wulerrp Secondary College is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences. Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Our principal and child safety champion are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

The Student Reference Group provides an opportunity for students to provide input into school strategies.

Our Risk Management Committee monitors the Child Safety Risk Register.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct also includes processes to report inappropriate behaviour.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

At Wulerrp Secondary College we promote child safety and manage risks in physical and online environments by:

- Promoting a culture of online and physical safety for all students
- Managing risks in physical spaces, including both onsite and offsite school events
- Supervising students appropriately
- Promoting student safety online with students and families
- Promoting acceptable behaviour by staff and volunteers, including a thorough induction process and on-going training
- Considering the procurement of third parties' providers and their impact/risks

In addition, our Student Wellbeing team and Child Safety champion plays a significant role in developing and implementing strategies to help identify students in need of support and enhance child safety and student wellbeing.

Establishing a culturally safe environment

At Wulerrp Secondary College, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- Our Aboriginal Learning Wellbeing and Safety Action Plan outlines the measures we have in place to maintain an inclusive and culturally safe school for Aboriginal children and students some of these are further outlined below:
- We ensure our built environment and website demonstrates an appreciation and acknowledgment of Aboriginal and Torres Strait Islander culture. Specifically celebrating the Bunurong community, the traditional owners of the land which our school has been built on.
- Engage with regional Koorie Education Support Officers (KESOs) to ensure culturally responsive support and resources are available for Indigenous students, fostering a sense of cultural identity, belonging, and engagement within the school community.
 - Offer support services and resources tailored to the needs of Aboriginal students and their families.
 - Provide professional development opportunities for staff to enhance their understanding of cultural safety and competence (e.g. [CUST](#) training)

Student empowerment

To support child safety and wellbeing at Wulerrp Secondary College, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging by implementing our whole school approach to Respectful Relationships, our student Code of Conduct, our school values.

We inform students of their rights through our whole school approach to Respectful Relationships in our Personal Development Program and civics learning in Humanities and we give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers.

We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at the school office, by asking a staff member or alternatively referencing the schools Child Safety Responding and Reporting Obligations policy and procedures and/or the Complaints policy on the school's website.

As outlined in our Student Wellbeing and Engagement Policy our school employs the following to create a culture of student safety and wellbeing:

- prioritise positive relationships between staff and students, recognising the fundamental role this plays in building and sustaining student wellbeing, addressed in our Pastoral Care/Personal Development program as well as other integrated wellbeing programs that will be included throughout the school's curriculum
- students can contribute to and provide feedback on decisions about school operations through the Student Representative Council and other forums including year group meetings and Peer Support Groups.

- student surveys which provide student perspective on how they feel in relation to their school, their learning, peer relationships, resilience, bullying, health and wellbeing, physical activity, and life in general.
- all students are welcome to self-refer to the Student Wellbeing Coordinator, School Nurse, Year Level Leaders, Assistant Principal and Principal if they would like to discuss a particular issue or feel as though they may need support of any kind. We are proud to have an 'open door' policy where students and staff are partners in learning
- measures are in place to empower our school community to identify, report and address inappropriate and harmful behaviours such as racism, homophobia and other forms of discrimination or harassment.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Wulerrp Secondary College we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- all of our child safety policies and procedures will be available for students and parents on our school website and upon request at school reception.
- Via compass, the school website, newsletters, school council, various student/staff/parent meetings/forums and community surveys families will be kept informed about any significant updates to child safety policies or processes, and strategies or initiatives that are implemented to ensure student safety.
- Providing accessible and transparent channels for families to raise concerns or provide feedback regarding child safety.
- Actively seeking input from parents and carers through surveys, suggestion boxes, and school council to continuously improve school practices and policies.
- PROTECT Child Safety posters will be displayed across the school
